NOTICE

The applicant, his agents and employees shall comply with all the rules, restrictions and requirements of the Town and Building Codes governing location, construction and erection of the above proposed work for which the permit is granted. The Town or its agents are authorized to order the immediate cessation of construction at any time a violation of the codes or regulations appears to have occurred. Violation of any of the codes or regulations applicable may result in the revocation of this permit.

Buildings MUST conform with plans, as submitted to the Town. Any changes of plans or layout must be approved prior to the changes being made. Any change in the use or occupancy of the building or structure must be approved prior to proceeding with construction.

The applicant is required to call for inspections at various stages of the construction, and in accordance with the aforesaid rule, the applicant shall give the building inspector not less than one day's notice to perform such activities.

In the event construction is not commenced within 180 days of issuance of this permit, then the same is automatically void. Cessation of work for a period of 180 continuous days shall also cause this permit to be void. Permits are not transferrable.

HOMEOWNER ELECTRICAL AND PLUMBING PERMIT APPLICANTS

PLEASE READ AND SIGN THE FOLLOWING

Homeowner permits are available to property owners who wish to perform electrical and/or plumbing work on any new construction, remodeling or repair on his/her own immediate sale or resale; is not rental property which is occupied or is to be occupied by tenant for lodging, either transient or permanent; and is not generally open to the public. I certify that all electrical and/or plumbing work is not in conflict with the preceding description.

All wiring and plumbing must be inspected prior to covering or concealing by insulation, drywall, paneling, etc., and again upon completion of the system, prior to occupancy and permanent power release. This normally will require a minimum of two visits by the inspector. In the event that corrections are required, a reinspection visit will be necessary and an additional fee may be charged.

Homeowner permits are not intended to circumvent the licensing and registration laws of the State Electrical Board or the State Plumbing Board of non-licensed individuals, firms, etc. All electrical and plumbing work performed by the applicant must be done in accordance with the current edition of the National Electric Code, International Residential Code, and International Plumbing Code adopted by the Town of Mountain View as the minimum standard.
